

Unit 3 - Social Studies

ELA Unit 3- Clues to a Culture 6 weeks

Economics
Economic Decision Making
E.4.5.1 Explain ways <i>trade-offs</i> have allowed <i>societies to get the most out of scarce resources</i>
Growth and Stability
E.6.5.1 Analyze the forms and purposes of currency in early America through the Revolutionary period
Global Economy
E.7.5.1 Explain ways trade leads to increasing economic <i>interdependence</i> among countries (e.g., slave trade, triangular trade, manufactured goods, agriculture)
Geography
Geographic Representations
G.8.5.1 Describe locations of <i>societies</i> and their culture and <i>environmental characteristics</i> within the early Americas through the 1820's using <i>geographic representations</i> of different scales
G.8.5.2 Explain relationships between <i>physical</i> and human characteristics and changes over time using a variety of <i>geographic representations</i>
G.8.5.3 Synthesize information from a variety of sources to construct maps and other <i>geographic representations</i>
Human Environment Interactions
G.9.5.1 Analyze effects of human-generated changes on the physical environment in places and regions over time from early America to 1820's
G.9.5.2 Analyze ways <i>cultural characteristics</i> influence population distribution in the early Americas through the post-Revolutionary period
G.9.5.3 Analyze ways climate and <i>environmental characteristics</i> influenced where groups lived and how they adjusted to the environment
Spatial Patterns and Movement
G.10.5.1 Examine relationships between human settlements and movements and the location and use of <i>natural resources</i> the early Americas (e.g., early people groups, Native Americans, Westward expansion)
G.10.5.2 Examine effects of <i>environmental</i> and <i>cultural characteristics</i> of the distribution and movement of people, goods, and ideas using multiple sources of information (e.g. trade routes, water ways, geographic barriers, accessibility)
G.10.5.3 Examine reasons for population shifts in early America and the effects on various regions
History
Chronology, Change Over Time, and Contextualization
H.12.5.1 Develop claims about pre-Columbian societies in North America by Analyzing artifacts, artwork, charts, graphs, digital, and print sources
H.12.5.2 Compare characteristics (e.g., dwellings, culture, beliefs, land use, food, clothing) of major pre-Columbian people groups within North America using a variety of sources (e.g., mound building, cliff dwellers, Southwest, Great Plains, Pacific Northwest, Woodland peoples)
H.12.5.4 Evaluate short-long-term effects of European exploration and settlement in the Americas and Arkansas from multiple perspectives (e.g., Roanoke, Jamestown, disease, conflict)
