Sketch a drawing of your unit with 2 equal partitions:

Sketch a drawing of your unit with 2 unequal partitions:

Sketch a drawing of your unit with 4 equal partitions:

1. Partition the unit below into  $\frac{1}{4}$  unit sections. Label the unit.

2. Draw a smiley face ( 😊 ) at  $\frac{3}{4}$  of the unit.

3. This measuring tool is 3 units long. How many  $\frac{1}{2}$  units are there in this tool?

There are \_\_\_\_\_  $\frac{1}{2}$  units in this measuring tool.

4. Label the tool to prove your thinking.
