Write >, <, or = in the circle to compare the measurements.

| Not yet: Student show misunderstanding, incorprocedure | | Got It: Student essentially understands the target concept. | | |
|--|--|--|--|--|
| 1 Unsatisfactory: Little Accomplishment | 2 Marginal: Partial Accomplishment | 3 Proficient: Substantial Accomplishment | 4 Excellent: Full Accomplishment | |
| The task is attempted and some mathematical effort is made. There may be fragments of accomplishment but little or no success. Further teaching is required. | Part of the task is accomplished, but there is lack of evidence of understanding or evidence of not understanding. Further teaching is required. | Student could work to full accomplishment with minimal feedback from teacher. Errors are minor. Teacher is confident that understanding is adequate to accomplish the objective with minimal assistance. | Strategy and execution meet the content, process, and qualitative demands of the task or concept. Student can communicate ideas. May have minor errors that do not impact the mathematics. | |
